RUST CLEANER &
CONCRETE BRIGHTENER

PÜR J boost Rust Cleaner & Concrete Brightener is a superior cleaner for rust, iron & mineral stains. Brightens aged concrete and reviving bluestone. Effectively removes iron deposits that leach from within and appear on bluestone surfaces.

Directions for Mixing: Mix 4 oz of powder in 1 gallon of water, shake well until powder is fully dissolved.

Uses: Concrete, Cement Pavers (dry & wet cast), Brick, Slate & Bluestone.

(Powder solution) This a rust remover for heavy stains on most cement & stone surfaces (avoid Sandblasted finishes). Pour desired amount onto the stained area. Lightly mist with water until moist to make a poultice paste. Let it sit for 20 min to 1 hour. Clean area with a scrub brush then rinse with a garden hose or power washer. Repeat if needed.

(Liquid solution) This a rust remover for light stains on most cement & stone surfaces (avoid Sandblasted finishes). Also an excellent concrete and cement brightener for larger areas. Spray or pour on the surface. Let it sit for 20 min to 1 hour. Clean area with a scrub brush then rinse with garden hose or power washer. Repeat if needed.

WARNING: KEEP OUT OF REACH OF CHILDREN AND PETS

FIRST AID MEASURES

Inhalation: If adverse effects occur, remove to uncontaminated area. If not breathing, give artificial respiration or oxygen by qualified personnel. Seek immediate medical attention.

Eye contact: Flush eyes with water for at least 15 minutes. If necessary, seek medical attention.

Skin contact: Wash skin with soap and water for at least 15 minutes. Thoroughly clean and dry contaminated clothing before reuse.

Ingestion: Never make an unconscious person vomit or drink fluids. Give milk. If vomiting occurs, keep head lower than hips to help prevent aspiration. If person is unconscious, turn head to side. Get medical attention immediately.

Most Important Symptoms/Effects, Acute and Delayed: Burns to the eyes, skin, respiratory tracts, and digestive tracts and kidney damage.

Indication of any immediate medical attention and special treatment needed, if necessary: If any of the

above symptoms are present, seek medical attention if needed.
